

Highway 10—Randall

Randall is Open

Access will be maintained and open; however, expect changes as they work at each intersection, follow signs along these routes. Crews will work only close one intersection access into Randall at a time.

- Co. Rd. 14/1
- 80th Ave. and Hwy 115
- Closed to reconstruct

Expect single-lane closures, reduced speeds and roadwork on Hwy 10 at off-peak hours through Randall.

If one Hwy 10 median crossover is closed, continue to the next open median and make a U-turn.
